SOCIETY

Ground is already broken for a substantial residence on the corner of Nuuanu avenue and Wylie street for Mr. Gustav E. Schaefer. The house plan covers a space about sixty-eight feet wide and fifty-seven feet deep, with spacious lanais and porte cochere. It will be a fine example of the open timber and cement work of the fifteenth century. Therefore house and grounds and the houses

will be a suite of rooms sixty-seven feet long across the front, comprising living room, hall, dining room and breakfast lanai, with a den and extensive culinary department in the rear. Spacious bed rooms, dressing rooms and bath rooms, with linen and store rooms, occupy the second story. The house is from the design of E. A. P. Newcomb, and bids fair to be an ornament to that part of the city, with its setting of fine trees and lawn.

Mr. and Mrs. F. A. Schaefer are fortunate in keeping their children in their neighborhood. With their own work of the fifteenth century. Therefore house and grounds and the houses

of Mr. and Mrs. J. W. Waldron, Mr. and Mrs. Alfred Castle and the new home of Mr. and Mrs. Gustaf E. Schaefer, the well-known hospitality of the family will make this a very attractive section to society.

Beginning in November and continuing through the winter season, Mrs. Francis Mills Swanzy, Mrs. Gerrit Wilder, Mrs. Richard Ivers and Mrs. Ranney Scott will receive at their respective homes on the first Monday of each month.

Mr. and Mrs. Adolf Grandhomme gave a pretty little dinner at Honolulu, Saturday last in honor of the birthday of the host. Those invited were Mr. and Mrs. Fritz Schumann, Mr. and Mrs. "Jack" Hawes, Mr. Albert de la Nux, Mr. Gibbs, Mr. Haenish. Chinese lanterns, palms and flowers made the lanais attractive and many old songs were sung of the Faderland.

Mr. Percy Cleghorn and his mother will sail on Sunday on the steamer Mongolla for California, where the former will be married to Miss Helen Hough of Stockton on October 15th. Madam Cleghorn may not return to the islands until the first of the year.

Mr. and Mrs. James Jaeger, who have been in California for the past four months, returned to Honolulu on the last Wilhelmina. While on the mainland they spent most of their time motoring through California and Oregon.

Mr. Jordan, the Scotch engineer of Hutchinson plantation, has been very ill and Manager and Mrs. Wolters had him removed to the plantation house at Naalehu, where he is receiving every attention and rapidly recovering.

Madam Brunckhorst, the handsome sister of Manager Bull of Waipahu, is thoroughly enjoying her visit in the islands and cannot speak highly enough of our natural scenery.

Mr. and Mrs. Wallace Farrington, who left this month on the Honolulu, are expected to return in about three weeks. Mr. Farrington went to the coast on a business trip.

Captain and Mrs. C. Sidney Haight of Schofield Barracks were in town Wednesday to meet friends on the China. They were registered at the Alexander Young Hotel.

Mrs. Ernest Waterhouse has been quite ill with la grippe for the past ten days and has been confined to her home until Thursday of this week.

Mr. and Mrs. Frederick Jewett Lowrey are expected to arrive home Monday. They have been enjoying a six months' sojourn abroad.

Lady Herron has been spending the summer at Waipahu plantation during the absence of Mr. and Mrs. Danford at the coast.

The bridge party that Mrs. W. W. North was to have given on Tuesday of this week for Mrs. E. C. Brown was postponed.

Mrs. Clifford Kimball spent Thursday and Friday in town with her mother and father, Mr. and Mrs. T. J. King.

Mrs. F. McStocker has been quite ill with dengue fever, and has been confined to her home on Lanaillo street.

Judge and Mrs. Selden Kingsbury of Maui will spend the Christmas holidays with Mr. and Mrs. L. Tenney Peck.

The Hon. Ernest Mott-Smith, Dr. Shepherd and party are touring the island of Hawaii.

Mr. Arnemann of Waipahu plantation is a guest of the Grandhomes on Hawaii.

CLEVELAND ON WORLD TOUR

The round-the-world touring steamship Cleveland will sail from New York on its second trip around the globe. It is figured that the vessel will arrive at Honolulu on or about January 24. The Cleveland has visited this port twice, but both calls were made within a few weeks of each other on the first round-the-world trip when the ship called here on her way to San Francisco, where her passengers took overland trains across the continent, and again when on the return voyage to the Orient with a new list of tourists.

Dr. Hough will be one of the Cleveland's passengers and the local Promotion Committee has arranged with the doctor to give a series of lectures on Hawaii while en route.

NOVEMBER 10 SLATED FOR NEXT ARBOR DAY

November 10 is subject to the approval of Governor Frear, slated for Arbor day this year. Superintendent of Education Willis T. Pope is making all the arrangements and the board of agriculture and forestry is to donate the trees as before.

They will be sent to each island where they will be distributed from some central point, the board of education paying the transportation. The trees to be planted are from wood, three species of eucalyptus, golden shower, pink shower, pink and white shower, poinciana, yellow poinciana, jacaranda, grevillea (silky oak), eucalyptus and California pepper trees.

JAPANESE ANNUAL

The Hawaiian-Japanese Annual for this year has just been issued by the Hawaii Shippo and is by far an improvement over any previously issued. Nearly a hundred excellent illustrations depict local affairs. The publication ought to be popular with the Japanese throughout the Territory.
